№ 740.

RENAUD of Eſt, Duke of Modena and Reggio, Prince of Mirandola, Carpi, Correggio, and Concordia, Lord of Carſognana and Frignano, Prince of the Holy Empire, Knight of the Order of the Golden Fleece, who dy'd at Modena, the 15th of October, O. S was 82 Years of Age, 6 Months, and a Day. He was the Son of Francis of Eſt, Duke of Modena, who dy'd the 13th of October, 1658. by Lucretia Barberini, his third Wife, who was the Daughter of Thaddæus Barberini, Preſect or Governour of Rome, and Ann Colonna, Princeſs of Paleſtrina, and who died the 24th of Auguſt, 1699. The Duke of Modena was deſigned for the Church, and was created a Cardinal by Pope Innocent XI. the 2d of September, 1686. but ſucceeding to the Dominions of Modena, by the Death of Francis II. his Nephew, which happened the 7th of September, 1694. he reſigned his Cardinal's Hat in a Conſiſtory, which was held the 19th of March, 1695. and on the 11th of February following he marry'd Charlotte Felicite of Brunſwick Lunenburg, Daughter of John Frederick, Duke of Brunſwick Lunenburg Hanover, by Benedictina Henrietta Philippina of Bavaria. He had by his Marriage with this Princeſs, who dy'd September 29, 1710. in the 40th Year of her Age, Francis Mary of Eſt, now Duke of Modena, born July 2, 1698. and marry'd June 21, 1720. to Charlotte Aglae of Orleans, Daughter of the late Duke of Orleans, the Regent of France.

The late Duke's other Children were, 1. John Frederick Erneſt of Eſt, who was born September 1, 1700. and dy'd at Vienna, Auguſt 12, 1727. Colonel of a Regiment of Cuiraſſiers in the Service of the Emperor.

2. Benedictina Erneſtina of Eſt, born Auguſt 18, 1697.

3. Amelia Joſephina of Eſt, born July 28, 1699. Neither of whom are yet marry'd.

4. Henrietta Maria of Eſt, born May 27, 1702. and marry'd February 5, 1728. to Anthony Farneſe Duke of Parma and Placentia, the laſt Prince of the Farneſe Family, who dy'd and left her a Widow without Iſſue, January 20, 1731.

The eldeſt Princeſs Benedictina above-mentioned, who is at the Head of the Council of the Regency, will continue in the Adminiſtration of the Government, till the Arrival of the preſent Duke.

The deceaſed Duke had only a Fever for 4 or 5 Hours, but he was before ſo entirely waſted, that he may be ſaid to have dy'd purely from a Decay of Nature.

*Vienna, Nov. 6, N. S.* The Letters from Conſtantinople, of the 20th of September laſt, N. S. are full of the great Preparations that are already making by the Turks for the next Campaign. They pretend to be able to take the Field with 300,000 Men. They had begun at the Arſenal there, with 850 Workmen, to build 12 Ships of the ſame Size as thoſe that were built here laſt Spring; which denotes a Deſign to make an Attempt upon Belgrade next Year. They had put an Interpreter, left by M. Tahlman at Conſtantinople, in Irons; and a Number of Imperialiſts taken Priſoners in Hungary, had been carried in Triumph thro' the principal Streets of that Capital. On Saturday laſt arrived two Couriers from Hungary, the firſt from Count Kevenhuller, and the other from Count Philippi. A Council was held the Sunday following, and the ſame Evening a Guard of 12 Soldiers, commanded by a Major of the Gariſon of this Place, was ſet upon Count Seckendorff, at his own Houſe. He was at the ſame Time forbidden to write or receive any Letters, or to ſee any Perſon; and his Lady was offered her Choice to go out of the Houſe, or, if ſhe pleaſed to ſtay, that ſhe ſhould likewiſe ſee, or write to no Perſon: She choſe the latter, and they are both watch'd very cloſely. They are allowed Servants, but if they want to ſend for any thing, their Servants are accompanied by one of the Guards. Velt Marſhal Count Khevenhuller arrived here laſt Night.

*Dreſden, Nov.* 13. The Saxon Troops that are in the Imperial Service, who underwent great Hardſhips during the Campaign, are to have their Winter Quarters in Upper Hungary, at Caſchau and Eperies, two Places well fortified. They were to begin their March the 30th of laſt Month. Perhaps the Regard which the Emperor has ſhewed on this Occaſion to the King's Deſires, in giving the Saxon Troops their Quarters in Upper Hungary, will determine his Majeſty more eaſily to recruit thoſe Troops for the next Campaign, which however will be difficult; and they talk of taking a certain Number out of each Company of thoſe Regiments that remained here, and filling thoſe Vacancies up by freſh Recruits, which are to be raiſed at Leiſure in the Country.

Letters from Bourdeaux ſay, that the Prize offer'd by the Royal Academy in that City, which is generally a Gold Medal value 300 Livres, and the Subject of which for laſt Year was the *Cauſe of Muſcular Motion*, was gain'd by Dr. Alexander Steuart, Phyſician in Ordinary to the Queen of Great Britain, and Member of the Royal Society at London.

We hear that his moſt Serene Highneſs the Duke of Saxe Gotha, inſtead of coming over in Perſon, is ſending one of his Miniſters hither, to negociate an Affair, which, it ſeems, is in ſo favourable a Train, that it does not ſo much require his Perſonal Preſence, as was at firſt apprehended.

All the Reports of an Action between the Dutch Captain Schryver, and the Spaniſh Garda Coſtas, are entirely diſcredited, ſince the Arrival of a Ship but a few Days ago in the Texel, with Letters from the Captain himſelf, dated from the Road of Curaſſaw the 6th of Auguſt laſt, which don't mention a Syllable of any ſuch Engagement; but ſay that all his Squadron is quiet and in good Caſe.

A Letter of the 1ſt of October O S. from Leghorn takes notice, that the Jews there did not conſent to advance the Sum lately borrow'd of them for his Imperial Majeſty, till the Count de Wachtendonck had threaten'd them that otherwiſe the Privileges granted them when they came to ſettle a Trade there, ſhould be revoked; and that tho' theſe Menaces have in the preſent Caſe had their Effect, 'tis apprehended that in time ſome Body will have cauſe to retract them; the Magiſtrates and Merchants of Leghorn having ſo far eſpouſed the Jews, as to preſent a Memorial to the Prince de Craon, wherein they repreſent, that a Proceeding of this Nature was intirely contrary to the Liberties of a Free Port, and that there needed nothing but a few more ſuch Attempts intirely to ruin the Trade of Leghorn, and conſequently to defeat the Great Duke of his chief Revenue. Theſe Remonſtrances being ſent to Florence, were examin'd ſoon after in an extraordinary Council of State; at the breaking up of which a Courier was diſpatch'd with the Reſult of it to the Grand Duke.

By an Advertiſement publiſh'd in ſome of the Foreign Papers, Meſſieurs Tonſon, Bookſellers in London, give Notice, that being the Proprietors of a magnificent Work, intituled RYMER'S FOEDERA, of which they publiſhed a beautiful Edition in 1727, in 20 Volumes in Folio, the Price of which has hitherto been 50 Guineas, and hearing the ſame is going to be counterfeited in Holland, the ſaid Bookſellers ſignify, that in order to prevent the ſame, they are willing to make a Sacrifice to the Publick, by offering that Work to the Curious for 260 Florins Dutch Money, till the 20th of February 1738, which is above half leſs than the uſual Price.

CONSUMPTIONS *of all Sorts,* *ASTHMA's, and all Diſorders of the* Breaſt *and* Lungs,
*Directly and infallibly cured by the Great* CHYMICAL ELIXIR,

WHICH has reſtored ſo many Thouſands labouring under the deepeſt Conſumptions and moſt deplorable Aſthma's to perfect Health and Strength in a few Days Time, after all other the moſt celebrated Methods and Medicines had been try'd in vain.

It at once ſtrikes at, and abſolutely eradicates the firſt Principle or Cauſe of Conſumptions, whether of the Lungs or of any other Kind, as alſo of Aſthma's, or Shortneſs of Breath, reduces the vicious Ferment of the Blood and Juices, corrects the acrid Salts which erode the Lungs, frees them from all obſtructing Viſcoſities, and does more real Good in one Day than any other Medicine whatever can in ten.

It aſſuredly retrieves the Patient, tho' reduc'd to a mere Skeleton; and immediately cures the moſt tedious waſting and almoſt ſuffocating Coughs, Hoarſneſs, Wheezing, Shortneſs of Breath, Difficulty of Breathing, Pain, or Weight in the Breaſt, Spitting of Blood, Soreneſs of the Stomach, Throat, or Windpipe: Alſo Catarrhs, or Defluxions of ſharp Rheum, and all Peſtilential and Aſthmatick Effects, Hectick Fevers, melting Night Sweats, and Diarrhœa's, or Looſeneſſes, in a pleaſant and moſt agreeable Manner.

It is balſamick, healing and ſtrengthening beyond Compariſon, reſtores in all inward Waſtings, Weakneſs, and Decay of Conſtitution whatever, perfectly cures Ulcers in the Lungs or in any other internal Part, cauſes free and eaſy Reſpiration or long Breathing, and ſpeedily and infallibly cures ASTHMA's, and all Sorts of CONSUMPTIONS, be they ever ſo bad, without the leaſt Diſorder, Trouble or Confinement, and is indeed the only true Remedy that can be ſurely depended upon for the entire Cure of thoſe Maladies.

Nor can the whole *Materia Medica* afford a quicker or more certain Cure for common Coughs and Colds; but the great Character this moſt noble Chymical ELIXIR has ſo juſtly gain'd, for the direct and infallible Cure of Conſumptions and ASTHMA's, &c has occaſioned many Attempts to counterfeit it; be careful therefore to have the Right, which is to be had only at Mr. RADFORD's Toyſhop, at the Roſe and Crown againſt St. Clement's Church-yard in the Strand, at 2 s. 6 d. a Bottle with Directions, and at no other Place in England.

*Theſe are to Certify whom it may concern,*

THAT the Two Medicines for External Uſe, which have been ſold with ſo much Succeſs for the Good of Mankind near Thirty Years laſt paſt, for the Cure of

*All Sorts of* RUPTURES, BURSTEN, *or* BROKEN BELLIES.

are removed from the Minories where they have been ſold for the Author, ſo long, and are now ſold only at Mr Sandwell's Toyſhop, the Sign of the Griffin, the Corner of Bucklers Bury in the Poultry, at 5 s. the Parcel, ſealed up with printed Directions given with them.

Theſe two Remedies need no other Recommendation than themſelves will manifeſt in two or three Days uſing, having by their admirable and even aſtoniſhing Succeſs, gained the Reputation they ſo juſtly deſerve; both in City and Country, after wearing Truſſes for many Years to no Purpoſe.

For by the Bleſſing of God, they make a perfect Cure, either on Old or Young, in a very little Time, and for a ſmall Charge, without any Pain to, or Confinement of the Patient; one Parcel is generally ſufficient for a compleat Cure, eſpecially on a young Perſon.

Many Hundreds of all Ages and Sexes have been cured by them, which occaſioned this Publication, for the Good of the Publick, that all ſuch unhappy People may be delivered from the Charge and Slavery of always wearing Truſſes.

The World might have had many Certificates of Cures of Perſons of all Ages, from Children of a few Months old, to grown Perſons of 60 Years or upwards; but for the natural Hindrance of People being utterly averſe to let it be known that they ever had ſuch an Infirmity: Yet Mr. Sandwell can ſatisfy any reaſonable Inquirer of the Validity of what is here ſaid, tho' he has not had ſuch large Knowledge, by reaſon of the ſhort Time he has ſold them, as they from whom the Medicines are now, for good Reaſons, removed.
